PEREMPTORY

DISSOLUTION

SEASONABLE CLOTHING.

Owing to unforeseen circumstances the co-partnership existing between James R. Price and Edwin Long must end on November 15, 1894. Mr. Price, whose manufacturing interests in Pittsburg demand his personal attention, will retire, and requires that his interest be paid in cash. This unlooked-for event, coming at a time when "THE FAMOUS" is literally "stuffed" with cold weather Clothing, has caused us no little uneasiness, for the larger portion of this immense stock of SUITS and OVER-COATS must be converted into cash at once. Realizing the magnitude of this undertaking we have "taken the bull by the horns," and cut the price of every garment to an extent that will appeal to a discerning and money-saving public. NO SACRIFICE WILL BE CONSIDERED TOO GREAT. GOODS MUST GO AND MONEY MUST COME. The stock comprises the highest type of Ready-to-wear Suits and Overcoats possible to make-the kind that are in appearance, linings, and wearing quality equal to the best made-to-order clothes sold at treble the prices we ask. We'd quote some figures, but as a five-minute inspection of this great stock will be more convincing than a page of quotations we ask you to call.

PEDERATION OF LABOR.

The storm of last Tuesday night made no material difference in the attendance at the regular meeting of the Federation. The delegates were out in force, and with only about three exceptions every organization was rep-

Roll call of officers showed all present.

Chairman Canty, of the committee on contracts, reported that owing to rumors that the new building of the Stumph Bros. would not be a fair job the committee again called on that firm and were again assured that everything would be done to make the job satistory. When informed that chenp labor might be employed one of the firm had stated that

they were opposed to that kind of labor in indersed. their own business, as from practical experience they had always found that best results were gained by employing good labor, and they would see that good union men were

assessing the members of the organizations was indorsed. The report was then ordered to be sent to the locals for their action.

The unjust method of rating mechanics in the Washington Navy Yard received some consideration at the hands of the delegates, and it was the opinion as expressed that the Secretary of the Navy should be enlightened on this question.

The announcement of the suffrage meeting was made, and the chairman of the committee stated that during the coming session of Congress the question would be promptly agitated.

The halddon of Christian Sahasidar's hal-

thied.

The building of Christian Schneider's bak-ery, which Mr. Schneider had notified the Carpenters' Council by letter should be built by union labor, was reported to have been by union labor, was reported to have been given to an employer of non-union labor. Mr. Schneider had been seen about the matter and had said that he could not interfere. Re-terred to committee on contracts. The Schneider flats were under considera-

tion for quite a while. It was reported that Mr. Schneider had said that he would no longer employ union men, if he knew it, on any of his work. Several organizations stated, through their delegates, that their members were at work there. The matter was finally referred to a special committee to

investigate.

It was informally reported that Mr. Chris.
Heurich was about to build a row of houses.
If true, this will be good news for union men. as Mr. Heurich is well known as one staunchest friends of organized labor in this

staunchest friends of organized labor in this city.

The cheap bread question brought out the fact that the high wages claimed by the boss bakers to be paid to the journeymen was all a myth. This was fully proven by the fact gained from the 'payrolls of the bakers, which were read to the Federation.

The Barber delegates reported a shop on the Avenue between Third and Four-and-a-half streets which was willing to put two Italians just imported in the assembly, provided they were allowed the privilege of giving a shave with a free shine thrown in for 10 cents. Needless to say, this is positively against the rules of the assembly.

Delegates from the Musical Assembly complained against the unfair competition they

plained against the unfair competition they had to contend against, which was that of the military bands taking contracts to the injury of the civilian bands. The members of mil-tary bands, it was claimed, received clothes, fuel, rations and a salary from the Government and were then allowed to enter into competition with outside bands. The recent arrival of troops here with a band of twenty-six pieces makes the lot of the civilian musician still harder. During the discussion it was stated that Washington was the only city in the United States that allowed members of the military bands to loin the labor unions. the military bands to join the labor unions. The delegates reported that the Musical Assembly would have a special meeting for Sun-

A WEEK IN LABOR CIRCLES on Mr. Allen, the manager.

District Assembly.

No meeting of the District Assembly was held last Thursday night, the use of the hall having been tendered the suffrage committee. The executive committee, however, has

tee. The executive committee, however, has been actively at work during the week. The general assembly will meet in New Or-leans on Tuesday, November 13, and a letter was received yesterday from the general sec-retary-treasurer staring that special arrange-ments had been made for the transportation of delegates and others who desire to attend. While nothing was said in the letter about riding in Pullman ears still it is generally riding in Puliman ears, still it is generally understood that no fares will be allowed delegates, if there should be any, who ride on that class of rolling stock. The train leaves the Esitimore and Ohio depot Saturday, Norwabalt of the control of

vember 10, at 11:30 p. m., arriving in New Orleans Monday at 12:50 p. m.

Delegate Simmons goes to the general assembly practically uninstructed, but he well knows the sentiments of the order in Washington. As the coming general assembly elects general officers for the next two years, much interest is requifered as to the result. much interest is manifested as to the result.
Other important business is also to be transacted, such as changes in the constitution,
the sale of headquarters in Philadelphia, and
the location of new headquarters in Washing-Hall, Ninth street and Pennsylvania avenue.

Plasterers' Assembly, No. 1614, Hour-and-a-half street ton.

There is now a movement on foot for the organizing of three new assemblies in this district. Meetings for this purpose will be held during this week.

BUILDING TRADES COUNCIL.

At the session of the Building Trades Council last Tuesday night delegates from the entire building trades were present. The committee appointed to wait on Mr. James Lansburgh reported that he was surprised to learn that the work on his new residence was not entirely union in character. Mr. Lansburgh referred the committee to the architect, Mr. Meyers. Mr. Shane is the contractor on the job. Mr. Shane was the contractor on the buildings of Mr. Solomon, the hatter, and Mr. Herman, the ciother, and though a clause was inserted in the specifications of both buildings that none but union men should be employed, it was ignored in both eases.

The Carpenters' Council held their regular session Friday night. Outside of the reports of committees the principal business transacted was that of disposing of the tools of the late J. T. Fowler, which were won by Mr. Keenen, an employing carpenter. The final report of the excursion committee was also mittee appointed to wait on Mr. James Lans-

report of the excursion committee was also made, and showed a surplus of funds on hand after paying all expenses.

AMONG THE LOCALS.

The Plumbers' Association held a large necting last Thursday evening, over 150 members being present. During the evening a delegation from the Theatrical Alliance Stage Employes was granted the floor and made statements relating to the trouble between the alliance and the theaters. As some of the members of the Pumbers occasionally work as stage hands, the statement of the delegates aroused much interest. Before the committee retired they were assured that they had the sympathy and would receive the hearty support of the union.

At the meeting of Carpenters' Union, No. 1. at the meeting of carpenters Chion, So. 1, on Wednesday night, the proposition from the Federation relating to the general walking delegate was received and discussed. The proposition was indoresed and the sentiment expressed was that no matter whother the sn any of the delegate was raised on the per capita plan, or by each organization paying a fixed sum it newertheless would be a safe infixed sum, it nevertheless would be a safe in-vestment. Bolest L. Mason was elected warden for the ensuing term, and together win the vice president, was duly installed.

Local Assembly, No. 2031, Knights of La-Local Assembly, No. 2031, kingliss of Labor, in and sheet from workers, held one of their interesting meetings has Wednesday night. The extraordinary total of receipts received for dues doring the evening made the members very enthusiastic. One new member was initiated and three former members reinstated. The proposition of the Federation for a walking delegate was received and indorsed.

The Eccentric Association of Engineers The Eccentric Association of Engineers at their regular meeting Friday night adopted the resolutions as received from the Federation of Labor, and instructed its delegates to that body to vote for a walking delegate, with a salary provision by per capita assessment. The question of affiliating with the Building Trades Council resulted in the appointment of Brother E. J. Rea to attend the next meeting of the council and get proper information as to how the engineers can affiliate.

sanguine that the committee will present such convincing proofs to the Commissioners relating to violations of the steam engineers illocated in the special service at headquarters to bring about the arrest of certain criminals, which he succeeded in doing. As a reward for his cense law, that orders will be issued to the chief of police for the arrest of violators.

The informal request of the Electric Workers that members of the association running electric plants should connect themselves with the Electric plants should connect themselves with

the Flectric Workers was carried, and while no definite action was taken, the general de-sire as expressed was a willingness to do any-thing for the mutual protection of both or-

LEVI WAS FOXY.

New and Unique Method of Raising a Financial Breeze.

Among the culprits in the dock of Judge Kimball's court yesterday was a foxy-looking colored youth named Levi Dunmore, who is apparently destined to make his mark in the der strate of crime.

under strata of crime.

Levi's funds gave out, and he struck upon a new and novel method of raising a fluorical breeze. His first move was to steal a pair of shoes from some store unknown to the police. He then took one of the shoes to a cobbler in East Washington and requested

a cobbler in East Washington and requested him to make a mate for it, as the original mate had been lost.

The shoemaker at once set to work to fill the nrder. Levitook the other shoe to another shop and left similar instructions. When the shoes were finished be went to cobbler No. 1 and requested permission to take the pair "around the corner" to his home in order to see if they would it his aged father, for whom they had been purchassed.

The shoemaker became suspicious and quietly sent for Policeman R. S. Kelly, of the Fifth precipiet. When the officer arrived he

Fifth precinct. When the officer arrived he questioned Levi, who refused to show the way to his home, and finally said he had bought the shoes from an unknown colored boy for

25 cents.

The officer locked the boy up and then located the other shoe. In the police court Judge Kimball commented on the boy's zeal in trying to make two pairs of shoes from a single pair, and sent him to the chain gang for thirty days as a suspicious character.

WONDERFUL SALE OF CLOTHING. A One Hundred Thousand Dollar Stock Going at Prices that Beggar Belief.

One of the sights of the city during the past

One of the sights of the city during the past few days has been the surging crowd of humanity that has constantly been in attendance at the great assignee sale of clothing now in progress at the stores of H. Friedlander & Bro., corner Ninth and E streets, Last Monday the immense stock of Howard, Packard & Co., the big New York wholesale clothiers, recently failed, was sold to three centerus, Messrs. Friedlander being one of the fortunate buyers, their share being an posterlay under orders that the government was unwalling to presented. The first was that of William B. Phillips, aims Anderson, Phillips and the present of the present station.

LAW STUDENTS' ELECTION.

M. W. OFINIAN.

for years. He was born in September, 1848, and was brought by his parents to this country when quite small. He attended private schools and when a young man went into the cigar and tobacco business, but disposed of that to become a police officer November 5, 1878, upon the indersement of Col. William G. Moore, who is now the superintendent of police. In 1884 Private Quinlan was assigned to the office of hack inspector, and under his supervision the regulations which are now so dates, and the election promised to be as exciting as it was instyear.

James P. O'Langhilu (Pa.) was elected by two majority over Ship (Ill.) to succeed William B. Bankhead (Ala.) for president. The

1873, upon the indorsement of Col. William G. Moore, who is now the superintendent of police. In 1884 Private Quinlan was assigned to the office of hack inspector, and under his supervision the regulations which are now so admirably enforced were first put into active execution. Having proved himself a courage agrous and energetic policeman, losing a finger while making an arrest in the face of a revolver fire, and having nided largely in the apprehension of thieves about the depota, be was regarded as a proper person to promote to the detective service, which was done September 1, 1891.

THIEVES AT THE MARKET.

Not Whiskey, but Chills

Quivering like an aspen and with a face as red as blood, William Eobinson, a young white man, faced Judge Kimball in the police court yesterday while the lengthy vagrancy charge was read to him by Clerk Harper, Policeman Frank Auldrige testified that Hol-inson was an expert workman, but whishy

was his greatest enemy.

"I have seen him drank and staggering along Sevenih street seven or eight times during the past week," testified the offeet.

"Yes," remarked his honor, "he is trembling like a leaf now from the effects of strong death."

drink."
"No, judge," pleaded the prisoner. "It is not whisky that makes me shake so. The policeman put me in a cold cell full of water last night and I have had the chills ever size."

Mrs. Margaret Garraway, mother of Police-man Garraway, of the First presinct, who has been on a visit to her son for some days past, returned to her home in Boston yesterday.

curred about 10 o'elock last night immediately in front of the Northern Liberty market, and while the surrounding sidewalks were crowded with people.

Mrs. Annie Goulberg, of No. 72 H street northeast, had placed her purse, containing several dollars, in the market basket which she carried on her arm, and was about to make a purchase, when two young colored men sidied up to her. One of them suddenly made a grab at the interior of the basket, with the remark, "Give me an apple."

Mrs. Goldberg looked quickly around and saw the fellow selze her purse and pass it to a confederate, who stood near by. The latter then disappeared in the crowd and some one yelled "Police." Officer Henderson responded to the call and arrested the man who snatched Robinson's appearance was against him and he was required to give bonds or go down for
